

## Index

### Subjects

- Acanthosis nigricans
  - and diabetes mellitus, 288
- Acne
  - and vitamin A, 357
  - changes in sebum composition, 18
  - fulminans treated with steroids and azathioprine, 463
  - naevus, 357
  - treatment with low dose cyproterone acetate and minocycline, 319
- Acromegaly
  - and ingrowing finger nails, 343
- Action spectrum
  - in solar urticaria, 455
  - of three coal tar preparations, 400
- Adenoid cystic carcinoma
  - of the skin, 378
- AIDS
  - and cutaneous cryptococcosis, 446
- Alopecia areata
  - treatment with a contact allergen, 260
- Arthropod bites
  - investigation and management, 114
- Atopic dermatitis
  - cutis verticis gyrata, 293
  - cyclic nucleotide metabolism, 424
  - pompholyx occurring during treatment of, 189
  - screening for cataracts, 21
  - the 'dirty neck', 1
  - treatment with salbutamol, 323
- Atopy
  - from a respiratory physician's standpoint, 77
- Azathioprine
  - acne fulminans, 463
  - non-Hodgkins lymphoma, 444
- Bleomycin
  - linear streaking, 457
- Blood supply

colour changes during Raynaud's phenomenon, 339

Branhamella catarrhalis

a possible skin pathogen, 317

### Book Reviews

*A Colour Atlas of AIDS* by C.F. Farthing, S.E. Brown, R.C.D. Staughton, J.J. Cream and M. Muhlemann, 314

*A Colour Atlas of Infectious Diseases; Vascular Birthmarks; Structural Glycoproteins in Cell-matrix Interactions* 467

*A Guide to Drug Eruptions* edited by W. Bruinsma, 393  
*Advances in Dermatology* edited by J.P. Callen, M.V. Dahl, L.E. Golitz, J.E. Rasmussen and S.J. Stegman, 74

*Arthropods and Human Skin* by J. O'Donel Alexander, 157

*Atlas of Skin Pathology* by R. Marks, A. Knight and P. Laidler, 390

*Clinical Dermatology: an Illustrated Textbook* by Rona M. Mackie, 390

*Current Therapy in Dermatology* edited by Provost and Farmer, 314

*Cutaneous Photobiology* by W. Frain-Bell, 241

*Diagnostic Picture Tests in Dermatology* by G.M. Levene and S.K. Goolamali

*Iatrogenic Diseases* edited by P.F. D'Arcy and J.P. Griffin, 389

*Management of Advance Melanoma* edited by L. Nathanson, 393

*Management of Skin Diseases* edited by C.F.H. Vickers, 314

*New Trends in Allergy II* edited by F. Ring and G. Burg, 392

*Patch Testing-Test Concentrations and Vehicles for 2800 Allergens* by A.C. de Groot, 389

*Pathology of Unusual Malignant Cutaneous Tumours* edited by M.R. Wick, 392

*Pinkus' Guide to Dermatohistopathology* by A.J. Mehregan, 157

*Practical Pediatric Dermatology* by W.L. Weston, 74

- Scientific Basis of Dermatology* edited by A.J. Thodey and P.S. Friedmann, 392
- Textbook of Dermatology* edited by A. Rook, D.S. Wilkinson, F.J.G. Ebling, R.H. Champion and J.L. Burton, 391
- Textbook of Psoriasis* by P.D. Mier and P.C.M. Van de Kerkhof, 241
- Tropical Steroids for Skin Disorders* by M. Clement and A. du Vivier, 394
- Urticaria* by B.M. Czarnetzki, 241
- Cats  
  cowpox from a cat, 286
- Cataracts  
  in patients with severe atopic eczema, 21
- Cellular pharmacology of the skin, Stockholm 1986, 136
- Cheyletiella Dermatitis  
  immunological hypersensitivity in its pathogenesis, 381
- Chronic lymphatic leukaemia  
  Sweet's syndrome, 277
- Chronic venous stasis  
  in leg ulcer patients, 410
- Coal tar  
  UV erythema action spectra, 400
- Connective tissue disorders, 216
- Construction workers  
  rubber allergy, 332
- Contact dermatitis  
  binding of nickel to the mononuclear cells, 265  
  rubber allergy, 332
- Corticosteroids  
  acne fulminans, 463  
  characterization of the glucocorticoid receptor in human epidermis, 830  
  comparison of the glucocorticoid receptors of the rat, 89  
  control of the bioavailability of topical steroid, 406
- Cowden's disease, 360
- Cowpox, 286
- Cryotherapy, 121
- Cryptococcosis  
  in a haemophilia patient with AIDS, 446
- Cutaneous amyloid, 460
- Cutaneous calcinosis  
  in erythromelanos follicularis faciei et colli, 31
- Cutaneous leishmaniasis  
  the T cell phenotypes, 103
- Cutaneous myiasis  
  dermatobia hominis, 40
- Cutis verticis gyrata, 293
- Cyclic nucleotides, 424
- Cyclosporin  
  hypertrichosis, 191
- Cyproterone acetate  
  acne vulgaris, 319
- Dansyl chloride, 246
- Dermatitis artefacta, 204
- Dermatitis herpetiformis, 46
- Dermatofibromas, 121
- Dermatophytes  
  causing scalp ringworm, 171  
  presenting with unilateral lymphoedema, 385
- Desquamation, 246
- Diabetes mellitus  
  histological findings in clinically normal skin, 250  
  in a patient with Klinefelter's syndrome, 288  
  injection abscesses caused by Mycobacterium chelonii, 48
- Dietary proteins, 419
- Doppler flowmetry  
  assessment of skin tumours, 108
- Dowling oration, 159
- D-Penicillamine  
  dermopathy in Wilson's Disease, 66  
  induced pemphigus, 277  
  treatment of linear morphea, 56
- Eccrine epithelioma, 58
- Ectoparasites  
  arthropod bite reactions acquired in the home, 114  
  Cheyletiella dermatitis, 381  
  papular urticaria, 200
- Eczema  
  cyclic nucleotide metabolism, 424  
  juvenile plantar dermatosis, 5  
  pompholyx, 189  
  screening for cataracts, 21  
  the 'dirty neck', 1  
  trace element status, 93
- Epidermolysis bullosa, 373
- Erythema multiforme, 124
- Erythroderma, 50
- Erythromelanos follicularis faciei et colli  
  cutaneous calcinosis, 31  
  erythromelanos follicularis faciei et colli, 33
- Etretinate  
  associated with calcifying arthropathy of the hips and diffuse hyperostosis, 129  
  efficacy for the PUVA dependent psoriatic, 98  
  tyrosinaemia type II Richner-Hanhart syndrome, 000  
  vertebral hyperostosis, 202
- Follicular mucinosis  
  erythrodermic, 50  
  in association with Sezary syndrome, 207

- Genodermatoses  
  Cowden's disease, 360  
  Rothmund-Thomson's congenital poikiloderma, 366
- Glucocorticoid receptors  
  characterization of, 83  
  in the dermis and epidermis of the rat, 89
- Granuloma annulare, 437
- Hairy cell leukaemia, 451
- Herpes simplex infections, 326
- Histological techniques  
  keratinocyte HLA-DR expression, 397  
  labelling of cell surface antigens in cutaneous tissue, 79, 181  
  natural killer cell monoclonal antibodies Leu 7 and Leu 11, 256
- Historical articles, 26
- Hodgkin's disease, 69
- Hyperhidrosis, 298
- Hyperostosis, 129, 202
- Hypertrichosis, 191
- Infantile acropustulosis, 291
- Intermittent pneumatic compression, 350
- Immunocompromised patients, 326
- Immunology  
  acne fulminans, 463  
  basal cell tumour with eccrine differentiation, 58  
  Cheyletiella dermatitis, 381  
  isotype distribution of serum antibodies reactive with dietary proteins, 419  
  *in situ* lymphocyte subsets in alopecia areata, 260  
  keratinocyte HLA-DR expression, 397  
  leucocyte chemotaxis to antigens of dermatophytes, 171  
  monoclonal antibody labelling of cell surface antigens in cutaneous tissue, 79, 181  
  natural killer cell monoclonal antibodies Leu 7 and Leu 11, 256  
  nickel-sensitive subjects, 265  
  patients with cutaneous leishmaniasis, 103  
  primary biliary cirrhosis, 46  
  unilateral lymphoedema, 385
- Itraconazole, 178
- Jaundice, 112
- Juvenile plantar dermatosis, 5
- Keratinocyte HLA-DR expression, 397
- Keratoacanthoma, 220
- Klinefelter's syndrome, 288
- Klippel-Trenaunay-Weber Syndrome, 12
- Laser  
  treatment of multiple angiokeratomata, 23
- Leishmaniasis, 211
- Lichen myxoedematosus, 220
- Lichen sclerosis et atrophicus, 126
- Linear streaking, 457
- Listrophorus gibbus, 200
- Lupus vulgaris  
  caries of the spine and lichen scrofulosorum, 280
- Management  
  of toxic epidermal necrolysis, 354
- Mast cells, 366
- Methotrexate, 243
- Morphoea  
  treatment with D-penicillamine, 56
- Multiple angiokeratomata  
  treatment with the argon laser, 23
- Mycobacterial infections  
  causing multiple injection abscesses in a diabetic, 48  
  lupus vulgaris, caries of the spine and lichen scrofulosorum, 280  
  tuberculosis verrucosa cutis, 283
- Mycology  
  cutaneous cryptococcosis, 446  
  dermatophyte infection presenting with unilateral lymphoedema, 385  
  onychomycosis, 175  
  pityriasis versicolor, 270  
  scalp ringworm, 171  
  tinea versicolor, 178
- Mycosis fungoides  
  hypopigmented, 453
- Myxoedema, 216
- Naevi  
  an acne naevus, 357  
  arborizing telangiectasia with gastrointestinal involvement, 273  
  extensive congenital bilateral epidermal naevus syndrome, 132  
  Klippel-Trenaunay-Weber syndrome, 12
- Nail dystrophy  
  ingrowing fingernails, 343
- Necrobiosis lipoidica, 294
- Nickel sensitivity, 265
- Non-Hodgkin's lymphoma, 444
- Non-invasive investigative techniques, 108
- Normal skin, 250

## Obituary

Whittle Howard, 29

Obstructive arterial disease, 410

Patch testing, 204

## Pemphigus

foliaceous—treatment with adjuvant gold therapy, 364

induction by X-ray irradiation, 197

penicillamine-induced, 275

vulgaris in young Asians, 214

Persistent skin pain, 403

Phototherapy, 112

## Pigmentary anomalies

due to Bleomycin, 457

mycosis fungoides, 453

## Pityriasis versicolor

bifonazole therapy, 270

treatment with itraconazole, 178

## Plasmapheresis

penicillamine-induced pemphigus, 275

treatment of solar urticaria, 185

## Polycythaemia rubra vera

associated with pyoderma gangrenosum, 375

## Pompholyx, 189

## Porphyria, 61

## Primary biliary cirrhosis, 46

## Pseudoporphyria, 296

## Psoriasis

an index of disability, 8

associated with etretinate therapy, 202

calcifying arthropathy of the hips and diffuse hyperostosis, 129

efficacy of etretinate, 98

trace element status, 93

ultrasound and radionuclide scans, 243

## PUVA

efficacy of etretinate, 98

failure in lichen myxoedematosus, 220

persistent skin pain, 403

## Pyoderma gangrenosum

associated with polycythaemia rubra vera, 375

hairy cell leukaemia, 451

Raynaud's phenomenon, 339

Reticular erythematous mucinosis, 36

Rothmund Thomson's congenital poikiloderma, 366

Rubber allergy, 332

## Salbutamol

treatment of atopic dermatitis, 323

## Sarcoidosis, 294

## Scanning, 243

## Sebum, 18

## Sezary syndrome

in association with follicular mucinosis, 207

## Skin tumours, 108

Society of cutaneous ultrastructural research, 224, 300

## Split skin grafting, 000

## Squamous carcinoma

development with acceleration of associated multiple keratoacanthomas, 220

with epidermolysis bullosa, 373

## Stevens-Johnson syndrome, 124

## Sweet's syndrome

associated with chronic lymphatic leukaemia, 277

use of potassium iodide, 345

## Tetracyclines, 124

## Therapy

an effective treatment by plasmapheresis, 185

arthropod bite reactions, 114

characterization of the glucocorticoid receptor, 83

comparison of cadexomer iodine and dextranomer, 413

comparison of desonide creams 0.05% and 0.1%, 406

etretinate for the PUVA dependent psoriatic, 98

for dermatofibromas, 121

for post-thrombotic leg ulcers, 350

in patients with onychomycosis, 175

in pityriasis versicolor, 270

of lichen sclerosus et atrophicus affecting males, 126

of atopic dermatitis with salbutamol, 323

of herpes simplex virus infections in immunocompromised patients, 326

olfactory facial hyperhidrosis, 298

penicillamine-induced pemphigus, 275

pemphigus foliaceous, 364

Sweet's syndrome: use of potassium iodide, 345

treatment of multiple angiokeratomata, 23

treatment of linear morphoea, 56

treatment of widespread tinea versicolor, 178

treatment with a contact allergen, 260

warfarin skin necrosis, 370

## Thyroid auto-immunity, 335

## Tioconazole, 175

## Tissue fibrinolysis, 437

## Toxic epidermal necrolysis, 354

## Tropical dermatoses

human cutaneous myiasis, 40

leishmaniasis contracted in Djibouti, 211

T cell phenotypes in patients with cutaneous leishmaniasis, 103

## Tuberculosis verrucosa cutis, 283

## Tyrosinaemia, 440

## Trace elements, 93

## Ulcers

Branhamella catarrhalis, 317

- comparison of cadexomer iodine and dextranomer, 413
- intermittent pneumatic compression treatment, 350
- leg ulcer patients, 410
- Ultrastructural studies
  - abstracts from 13th Annual Meeting of the Society of Cutaneous Ultrastructure Research and European Society for Comparative Skin Biology, 224, 300
  - cervical nodular localized myxoedema in a thyroidec-tomy scar, 216
  - extensive congenital bilateral epidermal naevus syn-drome, 132
- Urticaria
  - association with thyroid auto-immunity, 335
  - broadening of action spectrum, 455
  - frequency and isotype distribution of serum antibodies reactive with dietary proteins, 419
  - papular—produced by the mite *Lisotrophorus gibbus*, 200
